

Welcome to **Cape Resorts**.

As we gently reopen, we ask that you please read, answer and sign the below health questionnaire and waiver.

## HEALTH QUESTIONNAIRE

- Within the last 14 days, have you experienced new symptoms including: fever of 100 degrees or greater, cough or shortness of breath, diarrhea, vomiting, muscle aches, or loss of taste and/or smell? [ **yes** | **no** ]
- Have you or someone you have been in close contact with been confirmed to have COVID-19 within the last 14 days? [ **yes** | **no** ]
- Has anyone you have been in close contact with exhibited any combination of the above symptoms without explanation within the last 14 days? [ **yes** | **no** ]

By answering "yes" to any of the screening questions, you will ask to re-book your stay for another date. For the safety of other guests and our staff, we cannot permit visitors responding "yes" to any of these questions to check in a Cape Resort property.

In addition, as ordered by state government, everyone over two years of age will be required to wear a face mask while occupying public spaces, and at any time when the required six-foot distancing from others cannot be maintained. This means masks must be worn when walking through the hotel or in any other public area. Outdoors, masks should be carried with you - and you must cover your nose and mouth if you are approaching others who are not part of your party.

## LIABILITY WAIVER

As we operate subject to local, state and federal guidelines during this time of COVID-19, our accommodations, restaurants, facilities and amenities may be modified, limited in capacity and subject to availability.

Our website is continually being updated with new information, based on direction from health experts and government agencies. We encourage you to check it regularly.

We have put in place enhanced safety and cleaning protocols as we continue to prioritize the wellbeing of our guests and our staff. We appreciate your understanding and co-operation during this time.

Please note that a risk of exposure to COVID-19 exists in any public place where people are present. As advised by the Centers for Disease Control and Prevention, elderly guests and those with underlying medical conditions are particularly vulnerable to this contagious disease.

By visiting Cape Resorts you voluntarily assume all risks related to exposure to COVID-19.

Let's continue to keep each other healthy. Please follow all signposting and notices throughout the Cape Resorts campus.
